Summary

Self-motivated graduate with basic knowledge of Python, SQL, and data analysis. I have worked on projects like a Movie Recommendation System and a Hotel Management System, which helped me improve my problem-solving and programming skills. I am a quick learner with an interest in working with data and technology. Looking for an opportunity to start my career, learn new skills, and contribute to the organization.

Projects

Pizza Sales Data Analysis:

- Analyzed pizza sales dataset using SQL, MySQL, and Excel to extract meaningful insights from raw data.
- Executed SQL queries in MySQL using JOINS, GROUP BY, and aggregate functions to analyze sales data using across (orders, pizzas, order_details, pizza_types)
- Used subqueries to calculate metrics like average orders per day and filter pizzas with sales above the average.
- Analyzed sales trends by time (hour, day, month) to understand ordering patterns.
- Applied window functions (RANK, SUM OVER) to analyze top-performing pizzas and revenue trends.

Movie Recommendation System:

- Built a content-based movie recommendation system using Python and Scikit-learn.
- Used Python, Pandas, NumPy, and Scikit-learn for model development and data analysis.
- Processed datasets using Pandas and NumPy, handling missing values and feature selection.
- Selected relevant features such as genres, keywords, taglines, cast, and directors to improve recommendation accuracy.
- Applied cosine similarity to recommend top relevant movies based on user preferences.

Skills

- **Programming Languages:** Python, JavaScript, SQL
- **Web Technologies:** HTML, CSS
- **Databases:** MySQL, Oracle
- **Libraries:** Pandas, Matplotlib, NumPy
- **Tools:** Git, GitHub, Excel
- **Behavioral:** Leadership, Teamwork, Problem-Solving, Analytical Thinking, Communication Skills.

Education

- | | |
|--|-------------|
| - B. TECH (CE) SVKM IoT Dhule CGPA: 6.43 | 2022 - 2025 |
| - Diploma (CE) SSVPS Polytechnic, Dhule Percentage: 80.44% | 2019 - 2022 |
| - SSC NZBP Secondary High School, Dhule Percentage: 70% | 2019 |

Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate - Oracle
- 240-Hour Python Training – Campus Credentials
- HTML, CSS, and JavaScript for Web Developers – Apna College
- Machine Learning Basics – Oracle
- YUVA AI for All Certification
